

ADDENDUM – (November 2005)

After the Pine Creek Watershed Rivers Conservation Plan's Executive Summary was printed in early October, the Steering Committee realized that we had overlooked some changes reflecting comments made at the summer public meetings.

The below additions or revisions to the Management Options have been changed in the full plan. The underscored wording describes the changes, and the page numbers refer to the Executive Summary.

Pine Creek Valley Emergency Services (page 20)

<i>Management Options</i>	<i>Specific Implementation Project</i>	<i>Partners</i>	<i>Funding Sources</i>
	<u>Reduced Project descriptions</u>		
1. Determine if the emergency services available in the Pine Creek Valley are adequate.	A. Track the usage of emergency services B. Research how emergency services respond in similar areas C. Assess those areas' solutions to their problems	Emergency Mgt Agencies, County Planning Commissions, PEMA, Local Colleges	PEMA, Municipalities, PA WILDS
	<u>The original #2 has been replaced by:</u>		
2. Provide local officials and municipal staff with training opportunities to assist in implementing this plan.	A. Develop training on topics and skills needed to implement the plan. B. Communicate and share information on trainings offered by other groups.	DCNR, DEP, Municipalities, DCEP, PSATS	DCNR, DEP, DCED
3. Educate the public about the relative lack of services and delay in response time they may encounter in rural areas	A. Encourage that signage and literature (brochures, websites, etc.) which advertise the area and its attractions include information about this issue. B. - has been deleted.	DCNR, PA WILDS, PEMA, Municipalities, Fire companies	DCNR, PA WILDS

Implementing the Plan (page 21)

Added an entire #2.

2. Provide local officials and municipal staff with training opportunities to	A. Develop training on topics and skills needed to implement the plan.	DCNR, DEP, municipalities, DCED, PSATS	DCNR, DEP, DCED
--	---	--	-----------------

assist in implementing this plan

B. Communicate and share information on trainings offered by other groups

Conservation Easements (page 22)

***Added to #1 –
Public officials***

Oral History

A new sub- section added to the end of: Issues, Concerns, Constraints, Opportunities

<i>Management Option</i>	<i>Specific Implementation Project</i>	<i>Partners</i>	<i>Funding Sources</i>
1. Collect oral histories from the residents and visitors of the Pine Creek watershed.	<p>A. Develop a scope of work that outlines how people would be selected, how their stories would be collected, and the format in which the stories would be stored.</p> <p>B. Create programs that would immediately begin to utilize these histories in educating residents and visitors about the watershed.</p> <p>C. Store the stories in a way that allows them to be used, but also protects them and ensures they can be used for generations.</p>	DCNR, PA WILDS, Local Colleges, Historical Societies, Senior Citizen Centers Libraries	DCNR, PHMC, PA WILDS
2. Develop Pine Creek Rooms to display and interpret information about the watershed to educate residents and visitors.	<p>A. Create a plan for locating Pine Creek Room(s) in the watershed</p> <p>B. Look for immediate opportunities to display and interpret information about the watershed, such as in local libraries, in hotel lobbies, at community events.</p> <p>C. Generate displays/posters that can be used in local businesses, possibly utilizing college students in communication and education programs.</p> <p>D. Continue to update and upgrade information as new research is done or new opportunities arise</p>	DCNR, PA WILDS, Local Colleges, Historical Societies	DCNR, PA WILDS, PA Wildlife Conservation Resources Foundation

Cultural Resources (Page 36 and 37)

Recreation

<u>Revised Management</u>	<u>Added New Project</u>	<u>Partners</u>
----------------------------------	---------------------------------	------------------------

10. Encourage those entities marketing the Pine Creek Valley and Pine Creek Trail to conduct their marketing in a consistent and appropriate manner.	E. Provide training for visitor bureau staff and volunteers about the region's recreational assets.	DCNR, PGC, Watershed Associations
---	--	--

ACRONYMS (page 17)

Added

PSATS Pennsylvania State Association of Township Supervisors

Note: In the “full” Plan, the section on Emergency Services has been replaced with new information, and a section on Oral History has been added. Both of these appear within Issues, Concerns, Constraints, Opportunities.
