Volunteer Questionnaire

The Northcentral Pennsylvania Conservancy (NPC) is connecting potential volunteers with landowners of river access points (private and public) interested in having help at their site. Potential volunteer tasks may include picking up litter, mowing grass, helping fill potholes, or just cleaning the mud and dirt off signs at the launch.

Please review the potential activities listed below, to better understand the type of volunteer assistance landowners may be interested in.

_____ **I'd assist with these types of maintenance tasks.**

Signage	
<input type="checkbox"/>	check mountings and fasteners
<input type="checkbox"/>	remove dirt and debris from sign surface
Surfacing / Vegetation	
<input type="checkbox"/>	check for safety concerns such as holes, obstructions, or uneven surfaces on pathways
<input type="checkbox"/>	help re-seed and water bare spots in lawn areas
<input type="checkbox"/>	assist with lawn mowing or edging
<input type="checkbox"/>	trim vegetation encroaching on pathways
<input type="checkbox"/>	note presence or spread of invasive species
<input type="checkbox"/>	direct landowner to possible resources to address signs of erosion
<input type="checkbox"/>	hold a litter pick-up
Amenities – parking areas, picnic tables, pavilions, etc.	
<input type="checkbox"/>	check for safety concerns such as holes, or uneven surfaces
<input type="checkbox"/>	help fill potholes and spread gravel
<input type="checkbox"/>	clear drainage bars and drainage swales of any debris
<input type="checkbox"/>	remove weeds from gravel area and edge

_____ **I'd complete the site observation form on a routine basis.**

_____ **I'd participate in special events such as cleanups and site improvement projects.**

Specific knowledge or skills that that may be helpful: _____

River access site(s) where you have a specific interest in working: _____
